Executive Committee meeting  
Tuscarora, Pa May 4, 2005

**Meeting Convened** at 7:25 pm by Beth Glover

Johnny Bush has asked for financial support for REM 2006. A proposal was to have come from Johnny Bush. We have not yet received this proposal. The question now is how urgent is the request and must we act on a recommendation now.

Advice from finance says we only need to approve in Administrative Board.

Consensus of the Executive Committee is that we need to have a specific request backed by the required detail, and we will respond to that when we receive it.

We already have a scholarship program for REM in place in the amount of \$6000. That is, 20 scholarships of \$300 each. Discussion of scholarship process – possibly ask applicants for documentation or request to cover costs of conference. \$150 to local applicants and \$300 to out of metro apps.. consensus decision to let it be “as is” pending receipt of a concrete proposal from the REM organizers.
